

NEW OBSTETRICS UNIT

*Mercy Health Services North
Cadillac, Michigan
July 2001
Project Cost: \$1,430,000*

Project Overview

Century A&E, in conjunction with J. LaPorte & Associates, designed a new 11,000 square foot obstetrics ward, which included an advanced security system, the latest in LDRP rooms, and a C-section surgery suite. The design combined separate labor/delivery unit with obstetrics/nursery unit into a single birthing center. The project included demolition of the existing fourth floor, new power distribution, lighting, security, fire alarm, medical gas systems and alarms, plumbing, HVAC, fire protection, isolated power system for the surgical suite, and the nurse call system.
